LYMAN LURES
Since 1947

CATCHING THE BIG ONES

SINCE 1947

Lyman Lures

Since 1947

Lyman lures are designed to imitate the erratic action of injured fish that predator fish prey on. The weight and distribution of the lure creates an action not achieved in other lures.

Since 1947 Lyman lures have made fishing lures that have consistently put trophy fish in the boat for amateur and competition anglers all over the world. Lyman lures are a multi species trolling and casting lure in various sizes designed and used for Trout, Salmon, Pike, Muskie, Walleye, Bass and other Game fish.

Lyman Lure products are available online at www.lymanlures.com and at your local fishing tackle store.
